REVOLUTIONARY NEW COMPUTER® CONTROL PANEL!

Newest advance in solid state stereo — the first stereo control system that uses computer techniques! With Packard Bell's unique new Computer® Control Panel you enjoy total control of the whole spectrum of sound, with space-age precision and ease:

GRID COORDINATE TUNING — precisely locates stations at a glance. TUNING METER — visually determines optimum broadcast signal position. VISUAL BALANCE CONTROL — flashing twin signal lights indicate left and right speaker balance. COMPUTER® SELECTOR — lights up like a computer to show only the function that is operating: phono, tape, AM or FM. MULTIPLEX MONITOR® LIGHT — goes on automatically to signal a station broadcasting FM stereo. CALIBRATED LOUDNESS, BASS, TREBLE CONTROLS — for precise tuning throughout the whole range of sound. ALL-CLEAR STEREO FILTER SWITCH — eliminates background noise from FM stereo broadcasts.

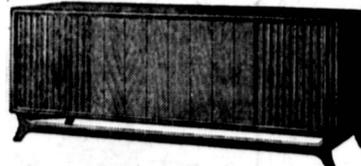

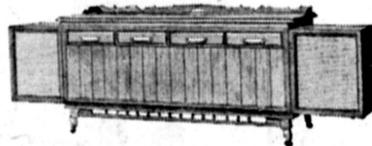

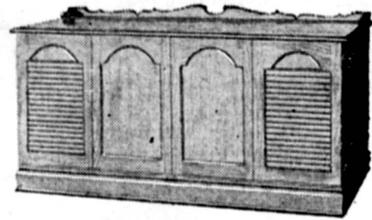

The Computer® Control Panel must be seen to be fully appreciated — so come in for a demonstration of the new Packard Bell stereo consoles and TV combinations today!

Beautiful stereo sound. All solid-state — no tubes to burn out. Garrard 4-speed changer. AM-FM and FM stereo radio. 8 speakers, 300 watts of power. Model RPC-38 shown in Colonial Maple. Also in Mediterranean Walnut, Mediterranean White.
